SAFETY & COMPLIANCE

FEATURES	BENEFITS
Skin Hypoallergenic	Dermatologist tested to verify and confirm this product has very low allergenic potential and is designed for sensitive skin.
Chlorhexidine Gluconate (CHG) Compatible	Alcare Enhanced does not decrease the residual activity of CHG.
Proven glove compatibility	Suitable for use with latex and nitrile gloves.
ECOLOGO™ Certified	This product is certified to meet ECOLOGO UL 2783 Standard based on criteria for product formulation and manufacturing, and human health & environment toxicity. UL.com/EL

USER EXPERIENCE

FEATURES	BENEFITS
Excellent Foam Quality	Rapidly and easily rubs across hands, providing the user with good control of the product to help prevent dripping and splashing often associated with the use of alcohol hand sanitizers. Rich foam is extremely pleasant for frequent use in-between hand washing, encouraging maximum compliance.
Perfume-Free and Dye-Free	Designed for people who are sensitive to perfumes and dyes and who prefer products which do not have these added.
Contains Skin Moisturizer	Helps prevent drying and leaves the skin feeling smooth after use.

Instant Foaming 72% Alcohol Sanitizer

STATUTORY REGULATIONS

This product is manufactured and labeled in compliance with the Federal Food, Drug and Cosmetic Act issued by the Food and Drug Administration (FDA).

SAFETY DATA SHEETS

Safety, Environmental, Handling, First Aid and Disposal information, please refer to the Safety Data Sheet which can be downloaded from SDS library on www.scjp.com

SHELF LIFE

This product should be stored in a closed container at room temperature. Please consult the label for expiry date.

CERTIFICATIONS

ECOLOGO™ Certification

Alcare® Enhanced was certified according to the UL ECOLOGO™ Standard UL 2783. ECOLOGO™ certified products are certified for reduced environmental impact. ECOLOGO™ certifications are voluntary, multi-attribute, lifecycle based environmental certifications that include a product that has undergone rigorous scientific testing, exhaustive auditing, or both, to prove its compliance with stringent, third-party environmental performance standards.

QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow Current Good Manufacturing Practice (cGMP) and/or Cosmetic GMP requirements.

All raw material used for production undergo a thorough quality control process before being used for manufacturing in our high quality products.

All finished goods are subject to intensive quality testing before being shipped out to our customers.

PRODUCT SAFETY ASSURANCE

Skin Compatibility Test

Clinical dermatological tests have been conducted to assess the skin compatibility of the product using voluntary test persons in enclosed and repeat application models. These tests, as well as in practical use, have proven that the product have very good skin compatibility.

Produce Safety Assessment

The product has been independently assessed for human toxicity and product stability. It is declared safe for intended use on hands when used as directed, meeting all relevant regulatory requirements.

Skin Hypoallergenic

The perfume-free and dye-free formulation did not demonstrate a potential for eliciting dermal sensitization after conducting an independent 6 week Human Repeat Insult Patch Test (HRIPT). Allergy sufferers should always refer to the ingredient list before using the product.

COMPATIBILITY TESTS

Glove Compatibility Test

In independent testing, the use of Alcare® Enhanced in combination with reputable latex, vinyl and nitrile gloves does not have any deleterious effect on the glove tensile properties using EN 455-2:2009 test methodology.
